

POSIFLEX's CR3100 series cash drawer has a patented "Screwless" tamper-resistant design for added security. It also has a special feature that cushions drawer slams and protects the system. The CR3100 series is a low profile, compact drawer with high reliability and durability (MTBF 1 million open/close). The chassis and drawer have durable metal construction.

The coin and bill compartments are adjustable and a locking tray cover is available. A 3-position key lock provides additional security and convenience. A universal cable fits Star, Epson and Axiohm.

Key Features:

- Contemporary style
- Screwless design innovation
- Rugged design with reinforced heavy gauge steel construction
- Large ball bearings riding on special guides for remarkably smooth drawer slide
- Advanced electronics that extend the MTBF to 1,000,000 times
- Precision mechanical parts with tight tolerance to assure wobble-free drawer movements
- Check slot for non-cash or large-bill transaction
- Three-position lock for maximum cash security
- Drawer open sensor
- Dedicated RS232 Interface (CR3104 only)
- Removable tray with a locking cover. Bill compartments and coin compartments are adjustable. The tray cover TC3100 for CR3100
